

To Volunteers at the Hub  
Our Grateful Staff say:

*“Our volunteers are great, very supportive and caring. They are a great asset to THH and support me as an outreach worker. They cook, clean and look after our Service Users with great care. They are very much appreciated by me”*

# To Volunteers at the Hub Our Grateful Staff say:

*"Time is precious and without our amazing volunteers caseworkers would have much less time to spend with SUs. Having a home cooked meal for the service users is wonderful and very much appreciated by all. A big thank you from me."*

# To Volunteers at the Hub Our Grateful Staff say:

*“Our volunteers are amazing. They are a valuable asset to THH. They are able to fill any gap to support us caseworkers, especially when we can’t do a food bag or put SUs washing etc because we are busy. They also check on us to see if we are OK or need anything ourselves. We would not be able to support our SUs as well as we do without our volunteers. They are very much appreciated by me.”*

# To Volunteers at the Hub Our Grateful Staff say:

*“Volunteers are invaluable, they are an important part of THH. They pick up what the staff don’t have the time to do. Giving our SUs a hot meal Tuesday-Friday is very much appreciated for those on the streets. They know they are getting at least one hot meal a day. The SUs feel comfortable with them as sometimes they provide information that they may not want to tell the case workers and it can be relevant. They are very much appreciated and a very big thank you to them all.”*
